

Roscoe Collegiate ISD COVID-19 Mitigation Plan
Summary

The faculty, staff, administration, and school board at Roscoe Collegiate ISD is working to ensure that all students, employees, and families remain safe.

Using the guidance provided by the Nolan County Health Department, Texas Department of State Health Services, Texas Education Agency, and the Centers for Disease Control we have developed a plan for the following:

Reporting positive COVID-19 cases

Contact tracing

Feedback and input from the Nolan County Health Department

Remote instruction for students who are sick or quarantined

Remote instruction for classes who have multiple positive cases

Remote instruction for large populations of students at the secondary who may have been in close contact.

We are using the following definition of close contact:

- a. being directly exposed to infectious secretions (e.g., being coughed on); or
- b. being within 6 feet for a largely uninterrupted or sustained extended contact period throughout the course of a day of approximately 15 minutes; however, additional factors like case/contact masking (i.e., both the infectious individual and the potential close contact have been consistently and properly masked), ventilation, presence of dividers, and case symptomology may affect this determination.

When the school district receives a report of positive COVID-19 infection of a student or staff member, school administration will conduct contact tracing and quarantine those who has been in close contact with the infected individual.

When the school district receives a report of positive COVID-19 infection of a parent or household member of a staff member or student, the school will work to determine if close contact has occurred or is likely to occur in order to make a determination about quarantine.

RCISD administration will take each case seriously and will consider each case separately as they work to make determinations about close contact and quarantine.

To report a positive COVID-19 case, please call the Dean of the campus where the student or staff member attends school each day.
