

# 2021/2022

## Hello All – The Child Nutrition Team is ready for the first day of school!

Chef ACE continues to present healthy messages about foods our students eat, staying physically active and staying safe. The Child Nutrition team has worked diligently to get food to students by bus, at the curb, in the classroom, and in the lunchroom in 2020/21. Our team pulled together and showed resilience, flexibility and unity in purpose **#letsfeedkids**. We will continue to follow rigorous cleaning and sanitation processes. Whether we see your students in the lunch line or the hallway we will practice our social safety protocols.

À la carte items are available and may be purchased using your student account. (Students may not charge à la carte items.) Items may be limited or rotate availability to help minimize contact and keep our service flowing.

We are ready for whatever the school year brings, and will continue to create fresh, tasty, healthy meals for your students following the USDA guidelines. Our top priority is your student's safety and well-being. Making health and safety a priority, the Child Nutrition Team works to ensure student are ready to learn each and every day.

We are ready for the students and look forward to making sure all our students are healthy and ready to learn every day. **For more information about our menus and programs, find the link on the left side menu bar when your are on your campus' web site.**
